

When manually entering the "QUIT" command in the custom command field, the server handshakes file stats and closing message to FileZilla Client before disconnecting.

This is what I am seeking with the QUIT option.

THIS IS A SNAP-SHOT OF THE "QUIT" command. This produces Server handshaking, stats and closing message before disconnecting.

```
16:34:40 Response: 230-Hello GUEST_TEMP,
16:34:40 Response: 230-Welcome to the MACS FTP SITE SERVER (6.4).
